

APCO Pool Specialties Inc. Extended and Expanded Warranty

The liner installed in your pool is warranted in several ways:

Original Manufactures Warranty

This is the primary warranty for each liner. All of its terms are determined by the manufacturer. These terms vary from manufacturer to manufacturer and are at the sole discretion of the manufacturer. A copy is included with each liner and provided to you upon job completion. All terms must be followed or the warranty may be voided. If a manufactures warranty is voided it may also void any APCO warranties as portions of APCO's warranty are based upon the manufacturers coverage.

Extended Labor Warranty

If a liner has both; a qualified warrantable defect, and is covered under a manufactures warranty, then APCO will cover, at a pro-rated portion, the then retail (labor only) replacement costs of the warranty supplied liner. You will be required to pay the non-covered prorated portion of the labor (see schedule below) and any additional expenses.

Expanded Liner Warranty

If during a period of 25 years a new liner is required for any reason it will be supplied and installed for you. You will be required to pay a prorated portion of the then retail cost of the liner based upon its age at replacement, and all installation costs (see schedule below). The new liner will be comparable to the original but may not be from the same manufacturer, or the same pattern.

Pro-Rating Schedule

The Following schedule sets forth the percentage rate to be paid by the purchaser.

Years 1 through 2 (35%)	Years 3 through 4 (40%)	Years 5 through 6 (50%)
Years 7 through 9 (60%)	Years 10 through 14 (70%)	Years 15 through 20 (75%)
