Requirements and Conditions

Water level must be maintained to the mid-skimmer level or higher. Water must be clear enough to easily see the bottom to perform any vacuuming service. APCO is only permitted to install APCO supplied chemicals. **As an initial courtesy, we may use the balance of any existing chemicals not purchased through APCO as long as they have been stored properly and all instructions are readable. APCO cannot be liable when using any customer furnished chemicals or supplies.** Pool must have a timer for the pump, and a chemical feeder or generator. Any chemicals required will be supplied as needed and billed weekly at the current rate. If the customer is not home during the service, any parts that are required more than \$75 to complete the service the customer will be contacted for approval. Parts less than \$75 will be installed and charged to the customer. All multi-visit plans must be booked at one time and paid for in 2 payments. One payment (50% of total) at time of booking, and one payment (50% of total) before halfway through the visits. All prices are for pools up to 800 square feet in surface area without any water features or spas. APCO reserves the right to; at any time, place an authorization hold, or to preauthorize, any amount required to complete an executed contract including options and fees on the credit card on the contract or on file with APCO. This agreement does not guarantee all visits will be performed. APCO may at any time terminate a service contract and refund the balance of unused services.

Please allow 2-3 weeks for any pool to be cleaned, balanced, and usable. This allows for chemical, weather, and scheduling issues.

Yes No **Ordering Seasonal Chemicals from APCO**

Although every effort will be made to accommodate your requested time or day of the week, we cannot guarantee any reservation.
We cannot assume responsibility for delays beyond our control (weather etc.).
