Requirements and Conditions

APCO is only permitted to install APCO supplied chemicals. As an initial courtesy we will use the balance of any existing chemicals not purchased through APCO. Any chemicals required will be supplied and billed at the current rate. If the customer is not home during the service we will try to contact the customer for approval prior to installation of any parts that are required to complete the service. However, to avoid call backs, parts totaling less than \$85 will be installed and charged to the customer. All multi-visit plans must be booked at one time and paid for in 2 payments. One payment (50% of total) at time of booking, and one payment (50% of total) before halfway through the visits. All prices are for visits up to 1 man-hour in length. Additional time will be billed at \$65/man hour in ½ hour increments. APCO reserves the right to at any time, place an authorization hold, or to preauthorize, any amount required to complete an executed contract including options and fees on the credit card on the contract or on file with APCO. APCO cannot assume responsibility for delays beyond our control (weather etc.).
